Alvin

25X1 7. [] Talked with Miss Ethel Low, Personal Secretary to Senator Robert C. Byrd (D., W. Va.), about the prospect of the Senator's paying a visit to the Agency with specific reference to a breakfast meeting. Miss Low said that Senator Byrd made it a practice not to accept breakfast appointments since he reserved this part of the day to be with his family. However, she said she was sure the Senator would like to come out to our building at some other time. She doubted, however, that this could be done before the end of the session. I am to be back in touch with her within the next few days.

25X1 8. [] Attempted to see Congressman Marsh to discuss his suggested list of House members for an Agency visit. The Congressman was tied up on the floor, however, and I will arrange to see him at a later date.

25X1 9. [] Met with Mr. Paul Goulding, Assistant to Senator Pell, who advised that he had talked to the Senator and that the Senator would like very much to meet with the Director during next week but will be unable to make breakfast. I will arrange a time for a luncheon meeting with his appointment secretary.

25X1 10. [] Mr. C. Rodney Smith and [] met during the day with Chairman Feighan, Representatives Rodino, Moore, Cahill, and Mr. Cline, House Immigration and Nationality Subcommittee, and with Mr. Neil Larry, Immigration and Naturalization Service, on H.R. 14545. See Memorandum of Record for details.
